SETTLEMENT OF MEXICAN TROUBLE COMING SOON

French And British Still Hammering Germans Along Somme

GERMANS GAIN SHORT LIVED VICTORY IN LOGUEVAL VILLAGE AND IN THE DELVILLE WOOD

(By Republican Associated Press Leased Wire)

There has been no abatement in the sanguinary struggle between the British and Germans south of the Somme which began Tuesday after a German bombardment and an attack by heavy infantry forces which gave to the Teutons parts of the village of Logueval and Delville wood.

In counter attacks Tuesday the British succeeded in regaining most of the territory they had lost and in addition dispersed with their artillery fire a large body of Germans who were massing for another attack to the south of Delville wood. Hard fighting is still going on in this sector. To the south of the Somme the French report the capture of several German trenches.

Around Verdun—in the region of Hill 304 and on Félury sector—the Germans are heavily bombarding the French positions probably presaging the usual infantry attacks.

The Russians in the vicinity of Riga are hammering hard with infantry and artillery Field Marshal Von Hindenburg's forces, but according to Berlin, all their attacks thus far have failed with heavy losses. Farther south, in Volhynia, the Russians along the Stokhold river and to the west and southwest of Lutsk, are heavily bombarding the positions of the Teutonic allies. While Petrograd asserts that the Russians in Galicia are advancing toward the passes of the Carpathian mountains leading to the plains of Hungary, Vienna says that to the west of Delatyn the Austrians have driven the Russians across the river Pruth.

German naval aircraft have dropped a large number of bombs on Reval, in the Gulf of Finland, and caused, according to Berlin, damage to Russian cruisers, troop boats and submarines in the gulf and to military establishments on land.

In Asia Minor, south of Trebizond, additional gains for the Russians against the Turks are chronicled by Petrograd while Constantinople reports slight successes for the Turkish armies against the British along the Euphrates river and north of the Persian gulf near Basra. In addition, the Turks are declared to have defeated the Italians in northern Tripoli, at Misratah.

German Aircraft Bombard Revel Making Many Hits

(Republican A. P. Leased Wire)

BERLIN, July 19.—(By wireless to Sayville)—The bombardment by the German naval aircraft of the Russian harbor of Revel on the Gulf of Finland last night was announced today by the German admiralty.

Bombs were dropped on cruisers and other warships, numerous hits being observed, one submarine being seen to have been hit four times.

The Russians have been strongly reinforced along the front south and southwest of Riga at the northern end of the Russian lines and have been heavily attacking Field Marshal von Hindenburg's forces there. The assaults, however, all failed, the Russians suffering unusually severe losses.

The official statement on operations on the eastern front says:

"Army group of Field Marshal von Hindenburg: South and southwest of Riga our heavy regiments repulsed repeated attacks by Russians, delivered with strengthened forces, only to break down with extraordinarily heavy losses for the enemy."

"Army group of Prince Leopold: The

Haig Announces Lost Ground Has Been Recovered

(Republican A. P. Leased Wire)

LONDON, July 19.—The British troops have recaptured in the village of Logueval and Delville wood most of the ground taken by the Germans Tuesday night, according to the British official communication issued tonight. Hard fighting is still in progress in this region.

When General Haig's afternoon report was dispatched from headquarters in France the violent fighting which developed from the German counter-attack, had been going on all night, and had given the Germans a footing in Delville wood and Logueval, still was in progress. The German attacks on the Waterlot farm and other points were repulsed.

In a brief dispatch tonight General Haig announced that most of the ground thus lost had been regained in both places and that the British fire had dispersed the Germans massing for a further attack on Waterlot farm. These dispatches seem to confirm the opinions constantly expressed by the correspondents at the front of the

ARIZONA MINERS WANT WEEKLY PAPER PUBLISHED IN SPANISH

(Republican A. P. Leased Wire)

GREAT FALLS, Mont., July 19.—Following the suggestion of President Charles H. Moyer in his annual report to the biennial convention of the Western Federation of Miners, the committee of the convention on constitutional changes today unanimously recommended that the name of the organization be changed to the International Union of Mine, Mill and Smelter Workers.

Action on the report was deferred, pending investigation of certain legal phases of the proposed change. It was said the indications were that the recommendation will be adopted.

The first open attack on the present administration of the federation came today in resolutions presented by the delegates from Cobalt, Ont. Criticizing President Moyer, the resolutions "condemn the action of the present executive in the last election in using the official organ of the Western Federation of Miners for campaign purposes, believing that such a system of campaigning is not conducive to the welfare of the organization."

The resolutions were referred to a committee.

The election referred to is the referendum vote for officers of the federation, the ballots cast in which are now being canvassed here.

The same delegates presented resolutions calling for an investigation as to why the seceding local unions of Clifton, Morenci, and Metcalf, Ariz., are permitted representation in the Arizona State Federation of Labor, thereby having affiliation with the

United States Attorney Faces Contempt Charges

(Republican A. P. Leased Wire)

NEW YORK, July 19.—United States Attorney H. Snowden Marshall was technically in the custody of Robert D. Gordon, sergeant at arms of the house of representatives tonight, after his writ of habeas corpus, preventing his removal to Washington to answer for alleged contempt of the house, was dismissed by Federal Judge Hand. Mr. Gordon is not in the city, however, and Mr. Marshall is not actually in his custody.

After a conference with his attorney, former United States Senator John C. Spooner, the federal attorney announced that he would at once file

WILSON'S REQUEST TO BE SENT TO CAUCUS

WASHINGTON, July 19.—President Wilson's request that the child labor bill be passed by the senate before adjournment of congress will be submitted to a caucus of senate democrats to be held probably next Tuesday night. The democratic steering committee held a short session today to consider the request, but decided it was powerless to change the legislative program agreed upon by the democratic caucus last week, placing child labor legislation in a secondary position where it has little chance of coming up by August 19, the date agreed on for adjournment. The committee will meet again Friday to set a date for another caucus.

PROHIBITION PARTY LIKELY TO NAME HANLY

(Republican A. P. Leased Wire)

ST. PAUL, July 19.—The nomination of J. Frank Hanly of Indiana as the presidential candidate of the prohibition party was confidently predicted tonight by friends of Hanly and leaders of the so-called organization forces in the prohibition national convention, following the unanimous reelection late today of Virgil G. Hinshaw, Chicago, to the chairmanship of the national committee.

Further impetus was said to be given the Hanly candidacy by the selection of Robert H. Patton of Springfield, Ill., as permanent chairman. Howard Kerschner, Topeka, Kas., was named permanent secretary.

When the convention adjourned tonight a conference of convention officers was held for the purpose of arranging a program to be followed until final adjournment.

Hanly followers succeeded at the afternoon session in obtaining the adoption of a recommendation of the rules committee providing for the nomination of a presidential candidate tomorrow instead of Friday.

The question will come up for decision on the floor of the convention tomorrow.

The Indiana delegation at a closed session agreed upon a proposal for Sumner W. Haynes to place in nomination the name of Mr. Hanly.

A public mass meeting was held tonight.

With Mr. Patton in the chair, the Hanly program met few obstacles at the afternoon session. Some delegates charged Patton with steam rolling methods, declaring that he failed to recognize several delegates who sought to speak against certain motions. But he had the great majority of the delegates with him and there was no effort to change any of his rulings by an appeal to the convention.

Mr. Poling, a Hanly supporter, nominated Mr. Hinshaw for national chairman after a rule providing for filling the office during the convention had been adopted.

Charles H. Hall of California, along with Oliver W. Stewart and other leaders, seconded the nomination, and when no other candidates were nominated Mr. Hinshaw was elected by acclamation. His popularity was attested by the demonstration that greeted him immediately after his election.

Completion tomorrow of all business before the national prohibition convention, including presidential and vice-presidential nominations and adoption of a platform, was planned by permanent officers of the convention at a meeting late tonight. Only delay in the report of the resolutions committee will interfere with this.

NAVAL BILL IS ATTACKED AND VOTE HELD UP

(Republican A. P. Leased Wire)

WASHINGTON, July 19.—An attack by Senator La Follette on the general preparedness program as the result of the agitation by moneyed interests, aided by the metropolitan press, prevented a final vote in the senate today on the naval bill. The Wisconsin senator had not completed his speech when the senate adjourned tonight and did not indicate how long he planned to continue. The general belief however, was that a vote would be reached tomorrow.

Most of today was taken up with an unsuccessful fight by Senators Oliver and Penrose on the section of the bill providing for a \$11,000,000 government armor plant. By a vote of 51 to 17 the senate defeated a motion to strike out the section and then voted down, 49 to 16, the Oliver amendment to refer the armor controversy to the federal trade commission for settlement. Senator La Follette contended vigorously that neither conditions confronting the nation nor the testimony given before the congressional naval committee warranted the proposed navy increases.

"A total of \$344,000,000 is the load that goes on the bonded backs of the American people," he declared. "Why is this to be done? If it is necessary now, why was it not necessary four years ago? You knew then the naval and military strength of all the foreign countries. But then the interests had not been appealed to. Bethlehem Steel at 40 was not Bethlehem Steel at \$40. The interests behind this preparedness plan do not fear Germany or England. The plan merely fits into their imperialistic schemes."

The senator charged that men had been forced into preparedness parades under threats of having their wages reduced. Workmen in Washington, he said, had told him they marched in the demonstration here for this reason. The larger newspapers of the country, he declared, were influenced by the agents of the "interests behind the preparedness propaganda to devote most space to the testimony of witnesses before the congressional committees who favored preparedness."

"A cheap skate of a business man can get a column and a half on the front page if he will boost preparedness," he shouted, "but General Weaver, who speaks against it, cannot get a line. These newspapers sell their editorial good will along with their advertising. It costs something to say that, but for some years I have stood ready to pay the price."

Senator La Follette quoted voluminously from reports of the committee hearings to prove that the navy is in better shape than preparedness advocates make it appear. He insisted that it is stronger than Germany's navy and pointed out that Germany, with a navy about half as large as England's, has been able to prevent an invasion of her territory.

Senators Oliver and Penrose, speaking against the armor plant proposal, insisted that it simply would mean a waste of money now that the Bethlehem Steel company has offered to furnish plate at a price to be set by the federal trade commission.

"It would be little less than criminal to spend the amount proposed for a plant at this time," Senator Oliver declared.

Canada Wants to Know Where Nickel Supply Came From

(Republican A. P. Leased Wire)

OTTAWA, Ont., July 19.—The question as to who supplied the nickel which will be such a valuable part of the submarine Deutschland's cargo on her return to Germany because of added interest here today with the announcement that an official statement will be issued within a few days on the whole policy of the British and Canadian governments in respect to the sale of the metal.

Officials challenge the statement of George P. Graham, former minister of railways in the Laurier cabinet, that Canadian nickel sold to American firms on condition that it shall not reach England's enemies, can be obtained without difficulty in the open market in the United States. It is claimed that the United States produces 240,000 tons of nickel annually, and that all Canadian nickel exported to the United States has been accounted for by the International Nickel company, the purchaser of virtually all of it. No change of policy is foreshadowed.

NATIONAL GUARD NOT IMPROPERLY RATIONED

(Republican A. P. Leased Wire)

WASHINGTON, July 19.—The war department issued today a series of reports on the mobilization of the national guard for border duty, all designed to refute charges that the men have been improperly rationed and not given the best facilities available in their trip south. Secretary Baker is preparing a report to congress on the subject, in response to a resolution adopted a few days ago.

To show the present conditions in border camps, Major General Tasker H. Bliss, assistant chief of staff, now is inspecting the entire border force. His first report came by telegraph today from Mission, Tex., and is as follows:

"Finished inspection Monday of Illinois and Wisconsin troops at Fort

Sam Houston. Will mail report today. Finished inspection of Virginia and Illinois troops at Brownsville yesterday. Will finish inspection of New York, Indiana, Minnesota and Texas troops between Mission and San Benito by night of 20th. Will mail report soon afterward.

"Have found camps in excellent sanitary condition. Men are reasonably well sheltered and well fed. Have interviewed all regimental and company commanders and taken down their statements by the stenographer. Thus far they are unanimous in expressing satisfaction and contentment of officers and enlisted men. Deficiencies in equipment are being made up as rapidly as possible. General Funston and his staff deserve great credit for efficient handling of problem."
